**NEW!**

**BLANCO Buffet Line**

Stylish Gastronorm containers  
to present food perfectly.

## The new BLANCO Buffet Line: For appetising food presentation according to your exact preferences.

Lead your guests into appetising temptation. Set an inviting scene for your food with the new Buffet Line from BLANCO in elegant black or bold white. Whether serving fresh salads or chilled desserts, a full-flavoured roast or savoury vegetables – the new BLANCO Buffet Line invites guests to grab food and makes them hungry for more.

It is good to know that the satin finish enamelled surface is compatible with all of your dishes and absolutely non-hazardous for any food. BLANCO Buffet Line is available in 15 different Gastronom sizes. The materials and sizes were specifically adapted to the requirements of warm and cold food presentation.

The new BLANCO Buffet Line helps you stage your food harmoniously. In doing so, it offers tough advantages for daily handling:

- » Easy cleaning due to the extremely smooth surface.
- » Suitable for use in combination steamers thanks to high temperature resistance.
- » Up to 50% lighter than their peers made of porcelain.
- » Minimal supplementary purchasing costs due to low risk of breakage.
- » Particularly colour-fast surface, still attractive after many uses.
- » Simple insertion into shelf trolleys or tray racks due to thinner material.

### Because time is money

With the new BLANCO Buffet Line, you can optimise your workflow while also saving valuable time. This is because with BLANCO Buffet Line you can store food in a single container, regenerate it in a combination steamer, transport and present it – without transferring any food.

Minimum order of 1 item, available directly from stock, with an extremely short delivery time and in proven BLANCO quality, guaranteed "made in Germany".

**BLANCO Buffet Line.**  
**Because more attractive is simply more delicious.**

### A mark of quality

With BLANCO Buffet Line, you treat yourself to the quality which you have come to expect from any original BLANCO Gastronorm container:

- » Simple stacking and unstacking without wedging and jamming, thanks to the clever stacking collar for container depths of 40 mm and more.
- » The size, depth, volume, standard and date of manufacture can be found on the back of each container. The quality seal is engraved on the front corner: BLANCO.

## Buffet Line Gastronorm containers

	Black model	Order No.	White model	Order No.	Depth (mm)	Exterior dim. L x W (mm)	Interior dim. (mm)	Contents (litres)
