JUST LIKE THE GROWN-UPS

Systematic ergonomics: Lower-height cutlery and serving trolleys for perfect children's catering.

JOINING IN IS FUN

BLANCO Kids cutlery and tray trolley

Perfectly designed for nursery and primary school children: The BT 400 Kids cutlery and tray trolley.

Compact: With a total height of 1,060 mm the BT 400 Kids has room for everything – cutlery and napkins on top and trays below.

It can be combined with the BASIC LINE Kids food serving system and is extremely durable with its first-class design and construction.

BLANCO Kids serving trolleys

The new serving trolleys make catering at nurseries and schools child's play. With its low height, young guests can reach all surfaces of the trolley with ease.

The trolleys are also very safe to use as the curled edges prevent injury. The serving trolley has a sturdy bumper rail and an antidrumming mat has a noise-insulating effect.

The trolley is available in various versions, naturally also with panelling.

BLANCO Professional:
Move more with a systematic design.

The perfect complement for a harmonious ambience

14 colours available

The panelling colours can be chosen to match the BASIC LINE food serving system and the BLANCO COOK front cooking station.
